Subject: Tropical Villas Multipurpose Maintenance
Special Taxing District

Recommendation

It is recommended that the Board of County Commissioners (BCC) approve a petition submitted in accordance with Article 1, Chapter 18 of the Code, for creation of the Tropical Villas Multipurpose Maintenance Special Taxing District. The creation of this District is pursuant to Public Works Department policy. The multipurpose maintenance program will remain dormant until such time as any Homeowners Association or Community Development District (CDD) fails to provide the required maintenance services.

Scope

This proposed special taxing district lies within Commission District Eight (8) and will provide multipurpose maintenance services, if and when necessary.

Fiscal Impact/Funding Source

Creation of this District will result in no economic impact on the County's budget. Maintenance services which cannot be equitably or conveniently provided by the property owners shall be provided by the District upon acceptance of the plat required improvements by Miami-Dade County and upon the failure of any Homeowners Association or CDD to provide the required maintenance services. Such services will be funded by special assessments against benefited property.

The economic impact on the private sector will be a perpetual annual special assessment for the cost of maintenance services to all property owners within the District, if and when necessary.

At this time there will be no increase or decrease in County staffing due to this District. The private sector may increase its staffing levels to provide the service requirements created by this special taxing district.

Track Record/Monitoring

In the event any Homeowners Association or CDD fails to provide maintenance services, the Miami-Dade County Park and Recreation and Public Works Departments will provide the District's required maintenance services and cause implementation of special assessments for the costs of such services against benefited property, as well as contract monitoring, compliance and enforcement.

tion of the assessment roll will be in
accordance with the procedures defined in

Proposed Service and Improvements

Multipurpose Maintenance Services:

The creation of this District is requested to maintain exterior faces of walls, swales, and entrance features along with Tracts A (ingress/egress), B (park), C and D (landscaped tracts) within the District boundaries should any Homeowners Association or CDD fail to provide these services. Failure to provide maintenance within the private road area is defined in a non-exclusive easement granted to Miami-Dade County and recorded in the Public Records.

The annual assessments shown above are representative of costs for typical single-family lots within the District.

State or Federal grants are not applicable to this special taxing district.

Each special taxing district is unique due to its geographical boundaries, affected property owners, and level of services to be provided. Creation of a new special taxing district to provide these services is the best and most cost-effective method to achieve this benefit.

In compliance with the provisions of Section 18-3 (c) of the Code, I have reviewed the facts submitted by the Public Works Director and concur with her recommendation that this District be created pursuant to Section 18-22.1 of the Code.

NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:

Section 1. In accordance with the provisions of Chapter 18 of the Code of Miami-Dade County, Florida, a special taxing district to be known and designated as the TROPICAL VILLAS MULTIPURPOSE MAINTENANCE SPECIAL TAXING DISTRICT is hereby created and established and within the municipal limits of the City of Homestead, Florida. Pursuant to Chapter 18 of the Code, Miami-Dade County has received approval from the City of Homestead to create this special taxing district.

Section 2. The area or boundaries of this proposed special taxing district are as follows:

A portion of Section 17, Township 57 South, Range 39 East, Miami-Dade County, Florida; being more particularly described as follows:

The north 467.81 feet of Tracts 15, 16, and 17, of Block 1, of "Miami Land Development Company", in said Section 17, according to the Plat thereof, as recorded in Plat Book 5, Page 10 of the Public Records of Miami-Dade County, Florida, less the westerly 75.00 feet thereof for right-of-way purposes.

The area and location of this proposed special taxing district are shown on the map or sketch which is made a part hereof by reference.

Section 3. The service to be provided within this proposed special taxing district will initially consist of the following:

Maintain exterior faces of walls, swales, and entrance features along with Tracts A (ingress/egress), B (park), C and D (landscaped tracts) within the District boundaries should any Homeowners Association or CDD fail to provide these services. Failure to provide maintenance within the private road area is defined in a non-exclusive easement granted to Miami-Dade County and recorded in the Public Records.

Section 4. The estimated cost to the property owners for the maintenance and operation of the district's improvements and/or services including engineering, administration, billing, collecting and processing for the first year is \$15,500, and \$10,900 for the second year. It is estimated that the cost per assessable square foot of real property within the proposed district is \$0.0592 for the first year, and \$0.0416 for the second year. The second and succeeding years' assessments will be adjusted from actual experience.

Section 5. It is hereby declared that said improvements and/or services will be a special benefit to all property within the proposed special taxing district and the total amount of special assessments to be levied as aforesaid will not be in excess of such special benefit.

Section 6. Miami-Dade County, as administrator of this district's maintenance program, is directed to provide service by the most effective and efficient means available on a yearly basis, as detailed in the County Manager's report which is made a part hereof by reference. If there is a proposed significant change to the level of services to be provided, the Park and Recreation Department shall conduct a meeting in the community, inviting all affected district property owners for the purpose of reviewing the district's budget and level of services.

Section 7. The County Manager is authorized and directed to cause to be made the maintenance and operation of various public improvements to be installed within the district in accordance with the provisions of this Ordinance. However, multipurpose maintenance services will be provided by the taxing district in accordance with the provisions of this ordinance only if a Homeowners Association and, if applicable, a community development district, have failed to provide these maintenance services and the County has adopted this district's multipurpose maintenance assessment roll.

Section 8. The County Manager is further directed to cause to be prepared and filed with the Clerk of the County Commission a Preliminary Assessment Roll in accordance with the provisions of Section 18-14 of the Code of Miami-Dade County, Florida. As authorized by Section 197.363, Florida Statutes, all special assessments levied and imposed under the provisions of this Ordinance shall be collected, subject to the provisions of Chapter 197, Florida Statutes, in the same manner and at the same time as ad valorem taxes. In accordance with utilization of the ad valorem tax collection method, if such special assessments are unpaid, when due, the potential for loss of title to the property exists.

Section 9. A duly certified copy of this Ordinance shall be filed in the Office of the Clerk of the Circuit Court of Miami-Dade County, Florida, and recorded in the appropriate book of records.

Section 10. The provisions of this Ordinance shall become effective ten (10) days after the date of its enactment, unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

**REPORT AND RECOMMENDATIONS ON THE
CREATION OF TROPICAL VILLAS MULTIPURPOSE MAINTENANCE
SPECIAL TAXING DISTRICT
MIAMI-DADE COUNTY, FLORIDA**

Pursuant to Chapter 18 of the Code, and as a result of a detailed investigation of a duly petitioned for special taxing district, the following facts are hereby submitted concerning the creation of Tropical Villas Multipurpose Maintenance Special Taxing District.

1. BOUNDARIES OF THIS DISTRICT

The proposed District is located entirely within the municipal limits of the City of Homestead, Florida. Pursuant to Chapter 18 of the Code, Miami-Dade County has received approval from the City of Homestead to create this special district per Resolution No. R-2005-04-58, a copy of which is attached, and the boundaries, as set forth in the petition, are as follows:

A portion of Section 17, Township 57 South, Range 39 East, Miami-Dade County, Florida; being more particularly described as follows:

The north 467.81 feet of Tracts 15, 16, and 17, of Block 1, of "Miami Land Development Company", in said Section 17, according to the Plat thereof, as recorded in Plat Book 5, Page 10 of the Public Records of Miami-Dade County, Florida, less the westerly 75.00 feet thereof for right-of-way purposes.

The boundaries are shown on the attached plan entitled Tropical Villas Multipurpose Maintenance Special Taxing District and hereinafter referred to as Exhibit A.

2. LOCATION AND DESCRIPTION OF DISTRICT

The creation of this District is requested to provide the services specified below regarding maintenance of exterior faces of walls, swales, and entrance features along with Tracts A (ingress/ egress), B (park), C and D (landscaped tracts) within the District boundaries. Service will commence following failure of any Homeowners Association or CDD to provide these services, and the City of Homestead requests Miami-Dade County to provide service. Miami-Dade County may activate the District by adoption of the District's assessment roll at a subsequent public hearing.

3. ESTIMATED COST FOR THIS DISTRICT

The proposed District is to be created to provide maintenance only in the event that any Homeowners Association or CDD fails to provide the services as described in Item 2 above. Following

commencement of services by the District, any increase in future maintenance functions may be recommended by a majority of the property owners for consideration by Miami-Dade County as administrator. The deletion of services is subject to maintaining a minimum level of services as determined by the Miami-Dade County Public Works Department.

The County may elect, due to the location and type of maintenance required, to provide landscape maintenance services utilizing an open contract for swale maintenance when significant service cost savings can be realized.

A cost estimate developed by the Public Works Department, based on estimates previously provided by the Park and Recreation Department for similar maintenance taxing districts, indicates the annual cost for the initial maintenance program to be \$8,500 for the first and second years. In addition to that cost, it will be necessary for the County to recover the administrative, processing, billing, and advertising costs incurred in establishing and maintaining the District as provided by Chapter 18 of the Code, as well as provide for contingency and discount costs. This cost is estimated to be \$7,000 the first year and \$2,400 the second year. An annual meeting will be conducted with the owners of real property within the District as an integral part of the annual budget process. This will enable Miami-Dade County, as administrator, to secure suggestions from affected community representatives or association to improve delivery and lower costs of the services provided within the scope of the District's authorized functions as specified in Item 2 above, and to determine the following:

1. Level of service;
2. Areas to be maintained;
3. Approximate effect on cost and rate of assessment for any changes.

Miami-Dade County shall determine the minimum service level (property owners may not delete maintenance altogether).

ESTIMATED ANNUAL COSTS

	<u>First Year</u>	<u>Second Year</u>
Initial Annual Maintenance	\$8,500	\$8,500
Administrative, Processing, Billing and Advertising Costs	5,600	1,900
Contingency/Discount	<u>1,400</u>	<u>500</u>
Total Estimated Cost to District	\$15,500	\$10,900

The above costs are estimated and will be adjusted annually based on actual experience.

4. CONFORMITY TO THE MASTER PLAN OF MIAMI-DADE COUNTY

The proposed District conforms to and in no way conflicts with the Comprehensive Development Master Plan of Miami-Dade County (see attached memorandum from the Department of Planning and Zoning).

5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT

The proposed maintenance program is desirable, needed, and in my opinion, provides special benefits to property within the District exceeding the amount of special assessment to be levied upon implementation of the District.

6. ESTIMATE OF ASSESSMENT AGAINST BENEFITED PROPERTY

This District will be held dormant until such time as stated above. Shown below is an estimate of costs if service were to commence in 2007. These costs are included for report purposes only, actual costs to provide services will be determined and presented to the Board of County Commissioners (BCC) at the assessment roll hearing. The combined cost of the maintenance program, processing and administrative expenses as shown in Item 3 above is to be paid for by special assessments levied against all benefited properties and is to be apportioned to individual properties within the District on the basis of lot or parcel square footage. The cost per assessable square foot to be assessed for this service is estimated as follows:

	<u>First Year</u>	<u>Second Year</u>
Estimated Total District Cost	\$15,500	\$10,900
Estimated Total Assessable Property Square Footage	262,000	262,000
Estimated Cost Per Square Foot of Property	\$0.0592	\$0.0416

SAMPLE ASSESSMENTS

Per Year For A Typical Single-family Lot:	\$524	\$368
---	-------	-------

The annual assessments shown above are representative of costs for single-family lots within the District. These costs are based on the above estimated total assessable property square footage and will be adjusted based on costs of services provided at the time of District implementation.

7. RECOMMENDATION

I recommend that Tropical Villas Multipurpose Maintenance Special Taxing District be created pursuant to Section 18-22.1 of the Code, as 100% of the property owners have signed the petition and no referendum is required. I also recommend that the County Attorney cause to be prepared an ordinance authorizing the creation of the Tropical Villas Multipurpose Maintenance Special Taxing District. Pursuant to Section 18-22.1 of the Code, the BCC shall receive and hear, at a public hearing, remarks by interested persons on this District, and thereafter may adopt such ordinance. Following failure of any Homeowners Association or CDD to provide these services, the Board of County Commissioners (BCC) shall adopt the District's assessment roll to fund these services. Adoption of an assessment roll resolution will enable the Miami-Dade County Tax Collector to collect the funds necessary to reimburse affected County Agencies involved in the creation and establishment of this District, as well as operate and maintain this District. The ordinance creating the District shall take effect ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, it shall become effective only upon an override by the BCC. My office will also be available to answer any questions from the public or your office in regard to the financial and/or engineering facts of this project. We further recommend that the County Manager forward this report to the BCC after he has reviewed it and concurred with our findings.

R2005-04-58 AUTHORIZING MIAMI-DADE - CREATION OF A SPECIAL TAXING DISTRICT

MEMORANDUM

To: Aristides Rivera, P.E., P.L.S., Director
Public Works Department

Date: January 15, 2002

From: *Diane O'Quinn Williams*
Diane O'Quinn Williams, Director
Department of Planning and Zoning

Subject: Street Lighting, Maintenance of
Landscape, Walls Adjacent to
Double-Frontage Lots and Lakes
Special Taxing Districts

Section: As Required
District: As Required
Council: As Required

Effective September 5, 2001, all tentative plats in the unincorporated area of Miami-Dade County submitted to the Land Development Division of the Public Works Department, must be accompanied by a properly executed petition for all applicable special taxing districts including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2005-2015 Comprehensive Development Master Plan (CDMP). Policy 4A – Capital Improvement Element states: Appropriate funding mechanisms will be adopted and applied by Miami-Dade County in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms include special tax districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bond, impact fees, and special purpose authorities, or others as appropriate and feasible. (Adopted Components as Amended through April 2001, page IX-10). The provision for services over and above minimum for neighborhoods and communities may be accomplished through the special taxing district as may be prescribed by the code.

The Department of Planning and Zoning (DP&Z) has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double-frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the DP&Z review all landscape maintenance districts for compliance with plantings in public rights-of-way and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.
